Catherine C.	Nov. 10
Dorothy S.	Nov. 18
Edith H.	Nov. 22
Nellie L.	Nov. 29
Elizabeth M.	Nov. 29

Fire Safety Did you know that Dania Home conducts regular fire safety drills each month? All of our staff are required to participate in a minimum of 2 drills per year, with the majority participating in 5 or 6.

When you are visiting with a family member and the fire alarm goes off, please stay with the resident. Staff will direct you as needed. You are not allowed to enter or exit the building at this time as we need to account for all persons in the building as per the sign in sheets at the front desk.

Resident Safety All of our staff are trained in keeping our residents safe. Whether it's the correct placement of a wet floor sign or a visiting contractor learning our "ropes", our policies and procedures are routinely reviewed and revised by the management team. If an incident occurs, the management team reviews the incident with staff and those effected. The team then makes recommendations as needed to prevent it occurring again.

Resident of the Month

John "Wayne" Simpson. He was born in Russell, Manitoba on Dec. 12, 1948. He enjoys watching tv, reading and walking. Likes Cats and dogs.

DANIA QUALITY IMPROVEMENTS

**November 21-23, 2018
Countdown to Accreditation**

20 Days to Go
**Senior's Residential Home and Long
Term Care Facilities**

Helping you deliver quality care

Organizations caring for seniors and residents strive to provide an environment reminiscent of home, where their residents can enjoy life and are treated with dignity and respect. Providing this is easier when you have the right tools for ongoing quality improvement.

Accreditation Canada is here to help. Our evidence-based [Qmentum accreditation program](#) will help you improve the quality, safety, and efficiency of your services, and give your residents confidence and peace of mind.

- Reduce risk to residents and staff, which decreases the high cost of errors
- Identify opportunities to standardize care and improve efficiencies
- Meet or exceed ministry regulations and licensing requirements
- Support the uptake of best practices and a culture of quality and safety
